

General Description

PROMASTOP® IM Grille is an intumescent sealing system for ventilation openings. The expansion of the grill starts at approx. 190°C and seals the opening against spread of smoke and fire.

Field Of Application

PROMASTOP® IM Grille is used as ventilation grill in walls.

System Advantage / Customer Benefit

- Module system
- Slim design
- Resistant to atmospheric influences (light, heat, frost, UV radiation, humidity)

General Technical Properties

Colour	dark grey
Consistency	solid
Dimension (HxWxD)	100x100x60mm
Weight	approx. 220g
Expansion temperature	approx. 190°C
Open cross-sectional area	approx. 70%

Packaging

- 16 pcs./box

Storage Requirements

- Store in cool and dry conditions

Safety Instructions

- Keep out of reach of children
- Avoid contact with food or beverages
- Please refer to the safety data sheet for additional advice
